200 G&C AutoBody Inc.

Owned and operated by the Crozat family since 1972, G&C AutoBody has been named one of the Top 5 body shops in the nation by ABRN magazine, the leading trade journal in the collision repair industry.

"I'm gratified we've been recognized as one of the best shops in the country. Our customers already know we provide world class service and we constantly strive to meet their high standards," says owner Gene Crozat.

In 2011, Crozat opened new shops in Windsor, Novato and Rohnert Park and is poised to open more in 2012. With additional shops in Santa Rosa, Petaluma and San Rafael, nobody repairs more "smooshed" cars than G&C.

A Direct Repair facility for multiple insurance companies offering rental rebates for more than 100 cars, customer appreciation cash rebates, free local towing and a 100-year guarantee on repairs, G&C AutoBody makes it easy when life "smooshes" your car.
